## 2004 Cabernet Sauvignon

**Vintage:** 2004

**Color:** Dark ruby with almost a black-purple ring at the glass/wine interface

**Aroma:** Wonderful aromas of spice, with vanilla, sweet oak and coffee. Very ripe blackberries

**Taste:** Well balanced between the acid, oak and fruit. Medium mouth feel, a sweet black tea with honey taste. Soft tannins and texture on the sides with a long finish that is smooth, not bitter. Long lingering aftertaste. Should be at its best 2012-2018.

**The Year:** The 2004 growing season was one of the fastest and earliest in history. The quality of fruit was excellent and the yield light. The season started with a warm spring, followed by a mild summer with extreme heat at the end. The flavors for 2004 are high quality and intense and the colors beautiful.

**The Wine:** Conn Valley's Cabernets are made from 100% estate grown grapes from the vineyards located at the winery site in Conn Valley. This vintage is a blend of numerous clonal varieties of Cabernet Sauvignon, each of which contributes to the character of the wine and adds complexity. Prior to blending and bottling, the 2004 vintage was aged in the hillside caves located on the Conn Valley Estate.

**Harvest:** September 23-28, 2004

Brix 25.6 pH 3.74 TA 0.62

**Aged:** 22 months in French oak 60 gallon cooperage, 90% new oak.

**Bottled:** November, 2006

**Released:** April, 2007

**Varietal:** 100% 2004, 100% Cabernet Sauvignon

**Alcohol:** 14.9%

**Appellation:** 100% Estate Grown Napa Valley, California
